FORENSIC QUESTIONED DOCUMENT EXAMINER AND HANDWRITING EXPERT

Specializing in scientific examination of questioned documents, forged signatures, handwriting analysis and identification, anonymous notes, disguised writing, altered documents, document authentication

GENERAL TRAITS

Computer engineer uniquely knowledgeable in computers and software applications, including document creation and manipulation applications such as Microsoft Word, Adobe FrameMaker, Adobe Photoshop, Adobe Reader, and Paint.

Keenly observant professional with top-notch powers of reasoning and problem-solving skills. Highly ethical and organized individual with strong written and verbal communication skills. Objective, logical, methodical, responsive, unbiased, and truthful.

QUALIFICATIONS

- Received a Bachelor of Science degree in Computer Engineering from UCLA
- Experienced in technical support of computers and highly-technical electronic design automation (EDA) software
- Strong technical writer with proven communication skills
- Educated and trained at the International School of Forensic Document Examination
- Mentored by internationally known expert in forensic document examination
- Examined more than 160 questioned documents, more than 500 writing samples
- Worked more than 60 cases from more than 25 states and countries

CASES

- Forgery Detection/Document Authentication: Invoice (promise-to-pay contract), tax return, donation form, Power of Attorney, equipment lease, personal guaranty, rental agreement, wills and codicils, holistic wills, deeds, grant deeds, IRA application, company Articles of Incorporation and Bylaws, insurance policies, personal checks, beneficiary designation, compensation agreement, child support stipulation, written stipulation for judgment, acknowledgement of paternity, affidavits, letters of intent, credit applications, loan applications, real estate documents
- Altered Documents with Forged Signatures: Falsified service contract, bill of sale
- Anonymous Writing and Handwriting Identification: Did this person write that note? sign that person's name? fill out that form? How many writers wrote those notes?
- Disguised Writing: A malevolent person writing a nasty or incriminating note and attributing the writing to someone else

LABORATORY

- Porta-Trace Light Box from Gagne, Inc., with 5000K color correct lamps
- Celestron 44202 Advanced Stereo Microscope
- Measuring devices (rulers, protractors, compasses) and grids
- Magnification equipment (hand-held magnifiers, Carson LumiLoupes)
- Olympus Digital Camera C-740 UltraZoom
- Protective gear for handling documents (sheet protectors, gloves)
- Notation and highlighting instruments
- HP Color LaserJet CM2320nf MFP (Printer/Copier/Fax/Scan)
- Canon CanoScan 8400F color scanner
- Dell XPS 410 computer
- NEC MultiSync LCD 1970NX monitor
- Software for record-keeping, reports, and preparation of in-court displays:
Microsoft Office (Word, Excel, Powerpoint), Paint; Adobe Framemaker, Acrobat
- Standard office supplies (pens, pencils, highlighters, self-inking stamps, file folders)

MEMBERSHIPS/ASSOCIATIONS

- FEWA, Forensic Expert Witness Association, “A Non-Profit Group of Consultants Providing Forensic Services” (www.forensic.org), Associate Member
- ACFEI, American College of Forensic Examiners, “Dedicated to the advancement of Forensic Science and Education” (www.acfei.com)
